The diagram illustrates a dependency structure where two source files, `bullet_factories.cpp` and `factory_static_unit.cpp`, both include the header file `bullet_factories.h`. The header file is located in the `tesseract_collision/bullet/include/tesseract_collision/bullet/` directory, while the source files are in `tesseract_collision/bullet/src/` and `tesseract_collision/test/contact_managers/` respectively.
