The diagram illustrates a file dependency structure. At the top is a header file box (shaded gray) containing the text: `tesseract_collision`, `/vhacd/include/tesseract_collision/vhacd/inc/vhacdICHull.h`. Below it are two source file boxes. The left box contains: `tesseract_collision`, `/vhacd/src/vhacd/VHACD.cpp`. The right box contains: `tesseract_collision`, `/vhacd/src/vhacd/vhacdICHull.cpp`. Two blue arrows point from the source files up to the header file, indicating that both source files include the header file.
