The diagram illustrates a file dependency structure. At the top is a header file box (shaded gray) containing the text: 'tesseract_collision', '/vhacd/include/tesseract', and '_collision/vhacd/inc/vhacdICHull.h'. Below this header file are two source file boxes. The left box contains 'tesseract_collision' and '/vhacd/src/vhacd/VHACD.cpp'. The right box contains 'tesseract_collision' and '/vhacd/src/vhacd/vhacdICHull.cpp'. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include the header file.
