The diagram illustrates a file dependency structure. At the top is a gray box representing a header file: `tesseract_collision`, `/vhacd/include/tesseract_collision/vhacd/inc/vhacdICHull.h`. Below it are two white boxes representing source files. The left box is `tesseract_collision`, `/vhacd/src/vhacd/VHACD.cpp`, and the right box is `tesseract_collision`, `/vhacd/src/vhacd/vhacdICHull.cpp`. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header.
