

tesseract_scene_graph
::StateSolver

```
graph BT; A[tesseract_scene_graph::MutableStateSolver] --> B[tesseract_scene_graph::StateSolver];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray box labeled 'tesseract_scene_graph::MutableStateSolver'. A blue arrow points upwards from this box to a white box at the top labeled 'tesseract_scene_graph::StateSolver'. This indicates that 'MutableStateSolver' inherits from 'StateSolver'.
