

tesseract_common/include
/tesseract_common/any_poly.h

```
graph BT; A[tesseract_common/src/any_poly.cpp] --> C[tesseract_common/include/tesseract_common/any_poly.h]; B[tesseract_common/test/tesseract_common_unit.cpp] --> C;
```

This diagram illustrates the relationship between two source files and a common header file. At the top, a grey box contains the header file path: `tesseract_common/include/tesseract_common/any_poly.h`. Below it, two white boxes represent source files. The left box contains `tesseract_common/src/any_poly.cpp` and the right box contains `tesseract_common/test/tesseract_common_unit.cpp`. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include this header.

tesseract_common/src
/any_poly.cpp

tesseract_common/test
/tesseract_common_unit.cpp
