

tesseract_collision
::ConvexDecomposition

```
graph BT; A["tesseract_collision::ConvexDecompositionHACD"] --> B["tesseract_collision::ConvexDecomposition"]
```

The diagram illustrates an inheritance relationship. A light blue box at the top represents the base class, containing the text 'tesseract_collision' and '::ConvexDecomposition'. A darker blue box at the bottom represents the derived class, containing the text 'tesseract_collision' and '::ConvexDecompositionHACD'. A vertical blue arrow points from the top of the derived class box to the bottom of the base class box, indicating that the derived class inherits from the base class.

tesseract_collision
